Subject: MWTP Comparison File Worked
Attachments: Model Water Treatment Plant Comparison File.docx

Hi Everyone,

The copying and pasting and only comparing the text worked for comparing the body of the MWTP. I did not look at the attachments with the exception of the drawing with the carbon tanks and that looked fine. I will look at the attachments after I copy and paste the body of the SOW into a file.

I attached the MWTP comparison and I think it looks fine. The most important difference is the language on page one about DuPont taking over and I think it is fine. This is the language Jacquie e-mailed last week. I will double check the footnotes since I did not copy those in.

Kevin, if you could focus on the attachments, that would help a lot because copying and pasting the documents into a file takes some time.

Thank you,
Jenny
